

# COZZINI QuadCut™

## Unprecedented Control of Emulsion and Reduction Quality

- Upgradable with most Cozzini 900-series CS, VS and AR units
- Allows from 1 up to 4 plate & knife sets in the same cutting head
- New proprietary plate and knife design
- Ø230 mm (9") diameter plate size
- Constant force spring design ensures precision knife tension. No user adjustment required.
- Works with motors up to 150 kW (200 HP)
