- Loads product with or without casing
- Touch screen controls
- Conforms to AMI sanitary equipment design principles
- CE approved

*Final output speed is dependent on product specifications and the packaging machine.
Guarding may be removed in some images for demonstration purposes.

DRAKE LAUNCHER STYLE AUTOLOADER

MODEL LS-1400

Drake launcher style, high-speed, open channel autoloaders are the most sanitary and durable loaders on the market.

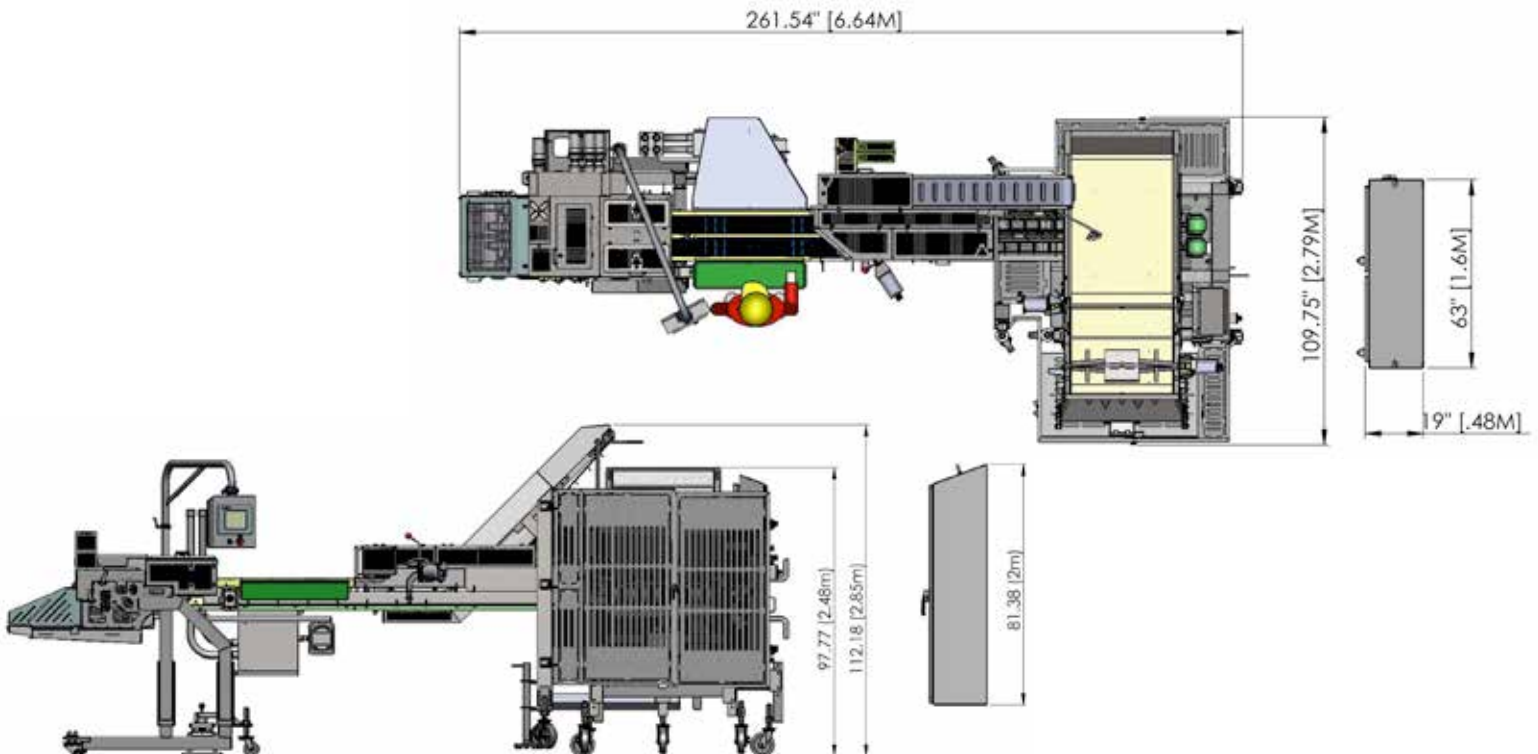

The Drake Model LS-1400 autoloader offers a compact footprint and design that allow it to be quickly stripped for cleaning. This launcher style loader uses sanitary food belts that are easily removed during the cleaning process.

Drake's LS-1400 can handle up to 1,400 pieces per minute of a 127mm (5 inches) long product

and has a 98% fill rate. The LS-1400 is able to load frankfurters that are cooked or chilled and can handle skinless or skin-on products. Product from 14mm to 32mm in diameter and from 79.375mm (3 $\frac{1}{8}$ inches) to 222.25mm (8 $\frac{3}{4}$ inches) in length are processed.

All Drake autoloaders feature touch screen controls for the easy addition of new recipes and rapid adjustment to various areas of the loader.

All Drake loaders are proudly made in the USA.
